School Board.

In the statistical report you will find the number of schools we have maintained, the number of weeks in each term and the names of the teachers.

The amount of money that has been expended and what it has been expended for you will find in the financial statement.

I think we have reason to congratulate ourselves upon the faithfulness of the teachers who have had charge of our schools. All of them have done very good work, and while these teachers are not perfect, nor expected to be, they are a credit to our town and worthy of no little praise. Hoping we may be fortunate and secure such teachers in the future. I respectfully submit the above report.

GEORGE S. JUDD, Chairman School Board.
